Del said that Friday would be better for him for the conference call. He will do it by phone.

Are you coming into the office or will you do this by phone?

Good Morning,
Please take a look at the message below. Since you are busy with HOPI meetings today, I figured the only time to do this would be on Thursday after G2E session. Do you think 3pm would work for this conference call? Let me know. Thanks.

Dajuana,

Can you check with del to see if he has a time tomorrow or later this week to discuss Tejon and Gabriellino. We are trying to get everyone in the hallway to participate on this phone call. Paul thinks this will take at least an hour to discuss.

Thanks,

Patrese
